

## **ALUMNI CONSTITUENCY SOCIETY SCHOLARSHIP FOR AUTOMOTIVE ENDOWMENT FUND**

The Vocational Technical Institute (VTI) which housed SIU Automotive transformed overtime to become the College of Applied Sciences and Arts (CASA). CASA remained until the University underwent a reorganization in 2020 and it became the College of Health and Human Sciences.

During the time of CASA, the CASA Alumni Constituency Board raised funds to develop a scholarship endowment to assist students of the College. A portion of this endowment funds scholarships for Automotive students.

Recipients of this award must be a relative of a SIU graduate with preference given to relatives of programs that were in CASA.
